Export of the Principal Food-grains from the State.

No. G. 2714-26—P. P. 66-18-1, dated 6th August 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 2714-26—P. P. 66-18-1, dated 6th August 1918.

It has been brought to the notice of Government that large quantities of food-grains are being exported from the State by road especially from the frontier taluks of the Mysore, Shimoga and Chitaldrug Districts. The South-west Monsoon having so far failed this year, the situation has become one of some anxiety. Added to it, is the difficulty caused by the rise in the prices of food-grains. There are also impediments to the free import of articles of food from outside the State on account of the congestion in Railway traffic.

2. Government therefore consider it necessary to control the unlimited export of the principal food-grains so as to guard against a possible depletion of stocks required for use in the State. They are accordingly pleased to direct that the export of the marginally noted food-grains from the State shall be permitted only under licenses issued therefor by the Duputy Commissioners of Districts or other officers authorised by them, such as, Sub-Division Officers in the case of exports by road, and on licenses issued by the Director of Civil Supplies and Controller of Prices in Mysore in the case of exports by rail. The licenses will be issued by the officers after they are satisfied that the export is urgently required at the place of import, that it is not abnormal and will not act prejudicially to the interests of the locality of export or of other parts of the State to which food-grains were usually transported therefrom in the past.

Paddy,
Rice,
Ragi, and
Cholum.

3. To watch against unauthorised export of such articles and also with the object of securing correct statistics of exports and imports by road, it will be necessary to locate *Ookads* with necessary establishments at the frontier on all the principal highways leading outside the State and the Revenue Commissioner is requested to take immediate steps to establish such Ookads. The cost involved will be met by reappropriation of funds in the budget of the Industries and Commerce Department, an additional grant being sanctioned later on, if necessary.

4. The Revenue Commissioner is also requested to submit a report within a fortnight of the action taken in the matter together with information about the establishment required for the purpose, which he may entertain in anticipation of sanction. He is further requested to impress on all the local officers the need for the exercise of great tact in dealing with the situation.

Ascertaining the stock of the principal food-grains in the State.

No. G. 3864-83—P. P. 65-18-2, DATED 21ST AUGUST 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 624, dated the 7th August 1918, from the Director of Civil Supplies in Mysore, submitting for the orders of Government a Note* prepared by him in consultation with the Revenue Commissioner suggesting measures for ascertaining the stocks of the principal food-grains in the State.

*(Printed as an Annexure as slightly revised.)

Order No. G. 3864-83—P. P. 65-18-2, dated 21st August 1918.

In view of the present abnormal seasonal conditions, Government consider it very necessary to have an estimate of the existing stocks of the principal food-grains in the State and are accordingly pleased to approve of the suggestions contained in the Note. The Revenue Commissioner is requested to issue at once suitable instructions for further action in the matter.

2. Sanction is accorded to the entertainment of temporary establishments required for the work, the cost in each case not exceeding the scale fixed in the margin. The total cost on this account will amount to Rs. 1,520 as detailed below and separate orders will issue as to the head of budget to which this should be charged.

A Taluk or a Sub-Taluk	Rs. 10
A Minor Municipality	,, 5
A Major or Town Municipality	,, 10
A City Municipality	,, 50

	Rs.
68 Taluks and 9 Sub-Taluks at Rs. 10 each	770
72 Minor Municipal Councils at Rs. 5 each	360
29 Town Municipal Councils at Rs. 10 each	290
2 City Municipal Councils at Rs. 50 each	100
Total ...	1,520

3. The necessary forms for the collection of statistics will be printed and supplied from the Government Press and the additional articles of stationery from the Government Stationery Depot, on indents received from the Revenue Commissioner.

4. The Revenue Commissioner and the Director of Civil Supplies will, in consultation with each other, submit a final report to Government before the 15th of September 1918 as to the state of stocks of food-grains in the State and as to the further action necessary in the matter.

No. G. 3864-83—P. P. 65-18-2, dated 21st August 1918.

Revised Note.

In view of the rising prices of food-grains and the threatening seasonal conditions, it is desirable to have a definite idea of the actual stock of food-grains which is now available in the State. With a view to place a check on the excessive activity observed in the export of food-grains by rail and more recently by road, outside the State, Government have already decided to bring such exports under control, and the inquiry as to stocks now contemplated, is proposed to be undertaken, in order to decide the measure of the restriction which should be exercised on exports, and also to determine if food-grains should be obtained from outside the State in case the stocks here prove to be inadequate.

The inquiry shall be conducted on the following lines:—

The unit of inquiry should be a village. An estimate of the stocks of the chief food-grains, ragi, paddy, rice and jola in each village should be made in consultation with the important persons residing in the village, by the Shanbhog and Patel who should embody the results of their enquiry in a statement as per Form "A" and forward it to the Shekdar of the Hobli in which it is situated. The Shekdar should scrutinise the statements received from the villages in consultation with the leading raiyats and merchants of the Hobli as far as possible. He should then prepare a consolidated statement as per Form "B" appended and submit the same to the Amildar along with the Forms 'A' received from the villages.

The Amildar should check forms 'A' and 'B' with the assistance of a Taluk Committee on which the chief raiyats and grain merchants residing in the Taluk should be represented. A consolidated Hobliwar statement should then be prepared for the whole Taluk in Form 'B' and a copy of the same submitted to the Deputy Commissioner and the Director of Civil Supplies.

The Deputy Commissioner will cause the returns forwarded by the Amildar to be scrutinised by a District Committee on which chief merchants and other leading men of the District may be represented. Should the District Committee require it, the villagewar totals prepared by the Shekdar may be called for by them for scrutiny. A Talukwar statement for the whole district will be prepared by the Deputy Commissioner in Form 'B,' and one copy of it should be sent to the Revenue Commissioner and another to the Director of Civil Supplies.

Stocks of food-grains in Municipal areas should be ascertained by the Vice-Presidents of Municipalities with the assistance of Committees nominated by them and an abstract as per Form 'B' should be sent by the Vice-President of the Municipality to the Deputy Commissioner for incorporation in the return for the District.

In view of the urgency of the matter, the information should be collected with as little delay as practicable. It is therefore directed that village officers should collect and submit the returns required of them within one week of the receipt of printed forms.

The Shekdar will forward the returns received from the village officers after scrutiny within seven days and the Amildar should submit them to the Deputy Commissioner within a similar period. The Deputy Commissioner will cause the Talukwar returns to be prepared and compiled along with the returns from Municipalities referred to above and forward the consolidated return to the Revenue Commissioner and the Director of Civil Supplies within one week of the receipt of the information from the Amildars and the Vice-Presidents of Municipalities.

In order that the work may be completed without delay, the Amildar or Deputy Amildar may be authorised to entertain such temporary establishment as may be necessary and incur any expenditure not exceeding Rs. 10 for a Taluk or a Sub-Taluk. The money may be drawn from the Treasury on bills signed by the Amildar or Deputy Amildar. The expenditure for the establishment required in the Municipalities may be as follows:—

		Rs.
1.	Minor Municipalities	5
2.	Major Municipalities	10
3.	City Municipalities	50

No remuneration need be paid to the village officers, but all the stationery required by them should be supplied.

As the objects of such an inquiry are likely to be misunderstood by our village population, it should be clearly explained to them that Government do not propose to commandeer stocks nor that they have any idea of restricting the liberty of private action in the matter of sales so long as the stocks are not exported outside the State; and that all restrictions on exports will also be removed if the inquiry leads to the conclusion that sufficient stocks are available and Government regulation of trade is unnecessary. On the other hand if the stocks are found to be inadequate and the seasonal conditions continue to be unfavourable

action will have to be taken to import food-grains so that serious distress may be avoided. In view of the present difficulties in railway transport it is necessary that Government should be informed of the actual condition of affairs early so that they may be enabled to take suitable action in time.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 24th August 1918.

Circular Memorandum.

With reference to Government Order No. G. 2714-26—P. P. 66-18-1, dated 6th August 1918, directing that the export of the marginally noted food-grains from the State should be permitted only under licenses issued therefor, the following subsidiary instructions are issued regarding the principles to be followed in the matter of granting licenses :—

Rice, Paddy, Ragi, and Cholum.

(1) Exports should be permitted only to the extent absolutely necessary but not in excess of the volume normally exported in previous years, as far as it can be ascertained by local enquiry or otherwise.

(2) The export should be restricted to the quantity actually collected and got ready for export.

(3) Exports should be made within a week of the issue of licenses, after which the licenses will have no effect.

(4) As there appears to be an impression that trade in *Santhes* is prohibited, it should be widely made known that no such restriction exists and that trade may be carried on as freely as usual. Only large exports to places *outside* the State are brought under control.

(5) No licenses need be required for quantities not exceeding one palla at any one time.

(6) Licenses for export by road will be issued in the appended Form 'A.' They will be printed in *Kanarese* in *triplicate* and machine numbered. One copy will be retained in the office of issue, another copy will be sent to the applicant and the 3rd copy to the frontier *Ookad* from which the export is allowed. The license will not be transferable. The licensee should present the license along with the consignment at the Frontier *Ookad* Station concerned. The *Ookad* staff will roughly verify that the quantity exported does not exceed that set forth in the license and allow the consignment to pass. One copy (duplicate) of the license will be filed in the Ookad with the date of the transmission of the consignment noted thereon and the other copy (triplicate) with a similar endorsement returned to the office of issue. Consignments which are not covered by licenses should not be allowed to pass, but the owners or persons in charge thereof should be asked to obtain the necessary license therefor. Care should be taken to see that no unnecessary obstruction to traffic or oppression to people is caused by the Ookad staff. The Amildars of the Taluks concerned should devote particular attention in this respect and pay surprise visits to the Ookads and check the work there. Complaints received should be enquired into without any delay and suitable notice taken of the conduct of the delinquents.

(7) Deputy Commissioners of Districts are requested to furnish in Form 'B' a fortnightly return of licenses issued by them and the officers authorized by them to the Director of Civil Supplies within a week of the close of the fortnight. The latter officer will submit a consolidated statement to Government within a week thereafter, incorporating therewith the statistics regarding licenses issued by him for export by rail.

(8) It is very essential that the returns prescribed should be submitted with the greatest regularity and punctuality as no useful purpose will be served by the receipt of belated reports. The Revenue Commissioner will exercise a general supervision over the arrangements made and the establishments employed in the Districts for this purpose.

(9) The Superintendent, Government Press, is requested to print and supply the requisite number of forms on indents received from the Deputy Commissioners and the Director of Civil Supplies, the work being treated as extremely urgent.

No. 4013-23—P. P. 66-18-8, dated 24th August 1918.

(10) Separate instructions will issue regarding the collection of general statistics of exports and imports in these Ookads.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Director of Civil Supplies and Controller of Prices in Mysore

Government Order No. G. 4280-1—Mily. 196-14-2, dated the 24th September 1915, sanctioning a revised scale of pensions for the Mysore Infantry Regiments.

2. Government Order No. G. 5027-8—Mily. 238-14-7, dated 21st October 1916, delegating to the Chief Commandant, Mysore State Troops, the power to retire compulsorily, without a medical certificate, non-commissioned officers and men of the Mysore Infantry who are not 55 years' old but who have completed 30 years' service.

3. Letter No. 2260, dated the 30th August 1917, from the Chief Commandant, Mysore State Troops, stating that the period of 30 years' service required under the first order read above for earning a pension is found to be too long and causes much hardship to the individuals who have to be discharged earlier than 30 years in the interests of the efficiency of the Regiment and recommending the revision of the pension rules.

Order No. G. 4163-4—Mily. 92-17-2, dated 27th August 1918.

Government are pleased to sanction with effect from 14th August 1918, the following revised rules for the grant of pension and gratuities to the members of the Barr Regiments.

(1) *Gratuity.*—After a service of five years and up to 24 years, in the case of an officer who is discharged on account of physical disability a gratuity of three months' pay exclusive of regimental allowances will be granted to all officers, non-commissioned officers and men for every complete five years' service any balance being omitted from calculation. The maximum amount of gratuity will be limited to twelve months' pay.

(2) *Pensions to Commissioned Officers.*—The service required for first pension will be fixed at twenty-four years and for last pension at thirty-two years. Pension will be calculated on the pay plus allowances of appointment, during the last three years of tenure of office; the fraction on which calculation for pension is made will be 28—72nd of the average pay of last three years for twenty-four years' service and the annual increase will be by 1—72nd up to 36—72nd for thirty-two years' service.

(3) *Pensions to Non-commissioned Officers and men.*—All non-commissioned officers and men will be given two fixed scales of pensions, *viz.*, one after twenty-four years' service and the other after thrity-two years' service, the scale of pension being 28—72nd and 36—72nd of pay at the time of retirement respectively. Non-commissioned officers must have served three years in the grade and rank in which they retired to entitle them to the pension of such grade and rank; when their service in this respect is incomplete, they will only receive pension of the next lower grade or rank.

(4) The retirement on pension of all ranks will be either on medical certificate of unfitness for further service or at their option after twenty-four years' service. If they have either completed thirty-two years' service or attained the age of fifty-five years they are liable to be retired by the Chief Commandant without a medical certificate subject in the case of commissioned officers to the approval of Government.

(5) The pension or gratuity under the above rules will be calculated on permanent pay and not on temporary increases sanctioned in Government Order No. G. 957-8—Mily. 216-16-2, dated 24th July 1917.

2. Necessary addenda and corrigenda will be issued to the Mysore Service Regulation.

Death at the Lunatic Asylum or other Hospital.

No. G. 3488-9—Med. 24-17-29, dated 15th August 1918.

Petition dated 26th October 1917, from T. M. Mahdi Ali Makhry, Cottonpetta, Bangalore, complaining that due intimation was not given to him of the illness and death of his brother Guzfar Hussain Makhry, who had been an inmate of the Lunatic Asylum and who had been removed to the Epidemic Diseases Hospital in October 1917, owing to the outbreak of cholera in the Asylum.

Correspondence ending with letter No. G. C. 334-9, dated 9th April 1918, from the Senior Surgeon, forwarding reports of the Superintendent of the Lunatic Asylum, explaining the circumstances under which no intimation of the death of the lunatic was sent to the relatives of the deceased.

Order No. G. 3488-9—Med. 24-17-29, dated 15th August 1918.

The lunatic having got an attack of cholera on the 25th September 1917 was removed to the Epidemic Diseases Hospital the same day for isolation and treatment and died in the early morning next day.

The petitioner, the brother of the deceased, having paid his customary visit to the Asylum on the morning of the 26th idem learnt of the removal of the lunatic to the Epidemic Diseases Hospital where he came to know of the death of the patient.

The Superintendent states that under the above circumstances no special intimation to the relatives of the patient was necessary and that it has not been the practice to send intimation of illness of any inmate of the Asylum to the relatives of the patients as the addresses of the latter are usually unknown.

Government are of opinion that under the peculiar circumstances of the case, there was no occasion for a written intimation being sent to the relatives of the deceased.

They however consider it desirable that arrangements should, as far as practicable, be made for the issue of necessary intimation, in future, to the relatives of the inmates of the Lunatic Asylum or other Hospital, of their death to enable the former to attend to the obsequies and with this object in view, the address of the patients' relatives in the Station should be secured at the time of admitting the patient.

The Senior Surgeon is requested to issue necessary instructions in the matter.

Grant of Scholarships for the Study of Ayurvedic and Unani Systems of Medicines.

Government Order No. 1-42, dated 6th October 1908 sanctioning the establishment of an Ayurvedic College at Mysore to train students in the Ayurvedic system of medicine.

2. Correspondence ending with letter No. G. C. 170-2, dated 13th September 1917 from the Senior Surgeon in Mysore regarding the improvement of the Ayurvedic system and the encouragement necessary to promote a study of it.

3. Note dated 25th January 1918 by the Muzrai Superintendent on the same subject.

Order No. G. 3946-49—Med. 40-17-3, dated 23rd August 1918.

For various causes, chiefly the large expenditure it would involve, it has not been found possible to bring medical aid according to Western system within the reach of the mass of the people; and even in places where the State has provided dispensaries for giving such aid, a large number of people still resort to the Ayurvedic and Unani systems of treatment. The traditional knowledge of and systematised methods of practice in, these systems are, owing to want of adequate encouragement, becoming things of the past, fast disappearing with the old class of successful Vaidyas and Hakims. The establishment of the Ayurvedic College at Mysore has been productive of some good in that it has prescribed a regular course of training to those who are interested in the study of the indigenous system. The College is however capable of improvement in many respects. For this purpose and with a view to encourage the study of Ayurveda on modern scientific lines and thus increase its popularity and also to investigate the comparative merits of the medicines used and the methods of treatment adopted in the several systems, the various measures proposed in consultation with the Senior Surgeon and the Muzrai Superintendent are:—

(1) The grant of a scholarship for the study of Ayurveda to a graduate in Allopathy.

(2) The grant of a scholarship to an Ayurvedic Vidwan to qualify himself in the Western system of medicine.

(3) The establishment of an in-patient ward with a dozen beds in connection with an Ayurvedic Hospital to be attached to the Ayurvedic College at Mysore, with a view to a systematic record of treatment and results.

(4) The creation of a research bureau to make investigations in the indigenous systems in combination with the Western system.

On a careful consideration of all the suggestions, Government are pleased to direct that four scholarships as below be instituted for the present as a first step towards the improvement of the Ayurvedic and Unani systems.

(1) Two scholarships of Rs. 75 each per mensem in addition to cost of travelling and purchase of books, one to a graduate in Western Medicine with adequate knowledge of Sanskrit to study Ayurveda in Calcutta for a period of three years and the other to a graduate in Western Medicine with adequate knowledge of Persian and Arabic to study the Unani system in the Tibbi College at Delhi for a period of 5 years.

(2) Two stipends of Rs. 50 each per mensem in addition to cost of books and instruments and travelling expenses, one to an Ayurvedic Pandit and the other to a Unani Hakim, possessing the necessary general educational qualification in English, to study for the L. M. and S., or M. B., B. S. degree of the Bombay or the Madras University.

G. 3946-49—Med. 40-17-3, DATED 23RD AUGUST 1918.

If for the two scholarships mentioned in (2) *supra*, no candidate with sufficient general qualifications to enter the University course is available, they may be awarded to an Ayurvedic Pandit or Unani Hakim possessing sufficient knowledge of English to undergo the Sub-Assistant Surgeon's course in the local Medical School.

These scholarships will, as a tentative measure, be granted, year after year, for a period of three years.

The Muzrai Superintendent, the Senior Surgeon and the Inspector-General of Education will form into a committee to invite applications and select suitable candidates. The Inspector-General of Education will be the Chairman of the Committee and will, before the 15th June every year, forward the recommendations of the Committee for the approval of Government.

Necessary provision for the grant of these scholarships will be made under Education in the budget for the next and subsequent years.

The question of starting a separate Ayurvedic dispensary with in-patient wards will be considered in connection with the reorganization of the Ayurvedic College.

The proposal to institute a research bureau with other allied matters is also reserved for consideration and the Muzrai Superintendent is requested to submit in consultation with the Senior Surgeon, a detailed scheme in the matter, by the end of December 1918.

READ—

Paragraph 7 of G. O. No. 4579-89—L. R. 308-12-14, dated the 19th December 1913, prescribing the departmental tests to be passed by the District officials.

2. G. O. No. 75—E. A. G. 40, dated the 24th November 1916, sanctioning rules relating to the recruitment of clerical service in the various departments in the State.

3. Correspondence ending with Revenue Commissioner's letter No. C. 3091—G1. 17-18, dated the 18th May 1918, regarding the special test examinations prescribed for appointments in the District Offices.

Order No. 514-563—E. A. G. 302, dated 5th August 1918.

In the correspondence read in paragraph 3 above, the Revenue Commissioner states that it is doubtful how far the Clerkship Rules contained in G. O. No. 75—E. A. G., dated the 26th November 1916, supersede the marginally noted Government orders prescribing the Local Service Examinations to be passed by officials of the Revenue Department and desires that a definite ruling be issued on the point.

Notification No. 5841—Exam. 6-12-10, dated 3rd December 1913.
G. O No. 4579-89—L. R. 308-17-14, dated the 19th December 1913.

2. Government observe that the Clerkship Rules prescribe only the general literary qualifications required for clerical appointments and do not involve any modification or cancellation of orders under which special tests are prescribed for particular appointments. Rule 3 of Clerkship Rules is clear on the point.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
CHIEF SECRETARIAT,
Dated Bangalore, 10th August 1918.

Official Memorandum.

Instances having come to the notice of Government in which the rules regarding the hours of office attendance (*vide* Rule 5 of the General Rules of Office Procedure and paragraph 1 of the suggestions for improving the efficiency of officers) were not observed, Government wish to impress again on all officers the desirability of strictly adhering to these rules. Any breaches of the rules should be regarded as a serious violation of duty and adequate notice taken of them.

Heads of Departments and Deputy Commissioners of Districts are requested to issue necessary instructions to their subordinate officers in the matter.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

IV. Number of Registers examined by the chief ministerial officer during the month and dates of such examination.

V. Arrear lists received from subordinate offices.

Name of office	Period to which list relates	Date of receipt	Remarks

VI. Any other matter on which the head of the office wishes to have information.

To the above statement should be appended a list of papers pending for more than a month in the office and of references, reports, etc., pending reply from other offices for more than two months. These lists need not be renewed each time. Once prepared, they may be corrected from time to time and kept in use till they become too full of corrections to be easily perused.

Unanswered reference lists from subordinate offices

Subordinate officers should send a copy of the monthly abstract to the officers to whom they are subordinate before the 15th of the month following that to which they relate.

2. Necessary amendments will be made to the Rules 14 to 16 of the General Rules of Office Procedure.

RULES.

RECORD ROOM ARRANGEMENTS.

General mode of arrangement.

(1) A separate shelf or space must be set apart for each department of business.

On the front of the shelf the name of the department to which the papers therein lodged appertain should be printed or written legibly and in bold characters on a thick label to be attached to the shelf.

The front and sides of the shelf in which papers of permanent value are lodged should be fitted with wire work so as to admit of the free circulation of air.

(2) When papers are taken out of the record room for reference an entry to that effect should be made in the Record Issue Register to be maintained by the record-keeper and a slip containing the marginally noted particulars of the record should be substituted for every paper so removed. The person taking papers out of the Record room should be held responsible for returning them as soon as possible. On the return of the papers the slips is to be returned and cancelled.

Record Requisition slip.
1. Serial number of the Issue Regiseter.
2. The date, number and description of the paper put up.
3. The officer for whom put up.
4. The date on which it is given.
5. The necessity for the reference
6. Signature of clerk taking it
7. Initials of the Record-keeper

(3) The Issue Register should be in the form given below:—

Record Issue Register.

Serial No. of the requisition	Date of receipts of requisition	Date of issue from records	Number, date and description of the paper given	Purpose for which taken	Full signature of the clerk taking	Initials of the record-keeper or his assistant delivering	Date of return	Signature of the clerk returning	Initials of the Record-keeper or his assistant receiving	Remarks
1	2	3	4	5	6	7	8	9	10	11

(4) The register should be periodically examined by the Record-keeper and all outstanding records should be called in by means of a circular note in the appended form.

Outstanding records.

No. 738-787—E. A. G. 299, DATED 14TH AUGUST 1918.

The following records obtained for reference have not yet been received back in the record room. They may be kindly returned or the reason for further detention may be noted against each :—

Serial No.	Date, No. and description of the record detained	When obtained and by whom	Date of return or reason for detention

NOTE.—In offices where there is no separate record-keeper or a separate record-room, a responsible official under the supervision of the ministerial head of the office should be entrusted with the custody and arrangement of records.

ARRANGEMENT OF RECORDS.

Files. (5) The arrangement of correspondence in every office shall be regulated by the special rules prescribed in that behalf, but generally in offices where "From" and "To" Registers are maintained, papers shall be arranged either in subject bundles or in chronological order. In offices where the Disposal Number System has been adopted, the arrangement shall be by disposal numbers.

Gazettes. (6) Where separate rules exist, as in the Revenue Department, as to the mode of keeping Gazettes, they should be followed. In all other cases, the following arrangement should be adopted :—

As each Gazette is received, portions of special interest to the office should be detached and eventually bound for preservation. The rest of the Gazette should be put in an annual bundle and destroyed at the end of two years.

Newspapers. (7) Newspapers should be dealt with like Gazettes, that is to say, cuttings should be made of useful matter and the rest of the papers should be filed chronologically and disposed of as waste paper at the end of two years.

Other periodical publications (8) Such publications as can go into the library should be put therein, the library catalogue being entered up as additions are made.

(9) Administration reports of departments with which an office has any degree of concern and magazines required for reference should be periodically bound up, the volumes being numbered. The annual reports of all other departments should after perusal be filed and sold as waste paper at the end of two years.

(10) Volumes of the Monthly Proceedings of Government should be unbound and portions of interest detached, two years after the period to which the proceedings relate. The detached portions should be conveniently bound and the rest destroyed.

Periodical reports and returns. (11) Periodical reports and returns should be filed in annual bundles and arranged according to their serial number in the stock list.

Destruction of papers. (12) Destruction of papers should take place once a year at an appointed time and the papers proposed for destruction should be carefully scrutinised by the head of the office.

Mode of destruction (13) All manuscript papers and all printed papers which have not been published should be burnt in the presence of the chief ministerial officer.

(14) Gazettes, newspapers and other printed papers which have been published may be sold as waste paper.

PRECAUTIONS AGAINST FIRE.

(15) Before closing the office for the night, the manager, head clerk, or under his written authority, a clerk named by him will visit each room and see that all lights are put out, that in offices in which electric lights and fans are provided, the switches have been turned off and that all waste paper has been removed.

(16) None but safety matches shall be used in offices.

(17) Kerosine oil or any easily inflammable material should always be stored in an outbuilding or godown.

(18) The sealing of papers should always be done under the direct supervision of a responsible clerk who will see that due care is taken.

(19) No naked lights should be used in any office. All candles or wicks must be protected by glass. All oil lamps must have metal (and not glass) reservoirs. The carrying of lighted lamps other than lanterns should be avoided.

(20) Waste paper should not be allowed to accumulate in large quantities. Every evening, the waste papers of the day should be removed. Galvanised iron or other buckets should be kept always full of sand or dry earth.

(21) In every room in which a kerosine oil lamp is in use, a small box of dry and loose earth with a scoop should be kept for use in extinguishing burning oil.

(22) Smoking in the Record rooms is strictly prohibited.

The Revision of the Strength and Pay of the Menial Staff of the Revenue Commissioner's Office.

No. R. 1954-5—L. R. 413-17-4, DATED 2ND—6TH AUGUST 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No G. 6620-45—G. M. 236-07-1, dated 13th May 1908, passing orders regarding the revision of the menial establishments of the several Headquarter Offices.

2. Correspondence ending with letter No. C. 3586—G1., dated 22nd June 1918, from the Revenue Commissioner in Mysore, submitting proposals for revising the strength and scale of pay for the menial establishment of his office.

Order No. R. 1954-5—L. R. 413-17-4, dated 2nd—6th August 1918.

The existing strength of the menial establishment of the Revenue Commissioner's office is 30 costing Rs. 242 a month as shown in the appended statement. The Revenue Commissioner states that owing to the abnormal rise in the prices of all necessaries of life, it is hard for the menials, especially those who are in receipt of Rs. 7 to maintain themselves on the low salaries they have been getting for the past several years. He therefore proposes that the 7 rupee class may be abolished altogether, the minimum pay of the peons being fixed at Rs. 8; that the total strength be reduced to 28, by reducing the number of peons on Rs. 10 from 4 to 2; and that the pay of the mutchi and book-binder may be raised from Rs. 12 to Rs. 14 and that of the dafterband from Rs. 8 to Rs. 10.

2. Government are pleased to approve of the proposals of the Revenue Commissioner. The present and revised scales now sanctioned are shown in the accompanying proposition statement. The revision involves an additional expenditure of only Rs. 10 per mensem which will be met from the lumpsum provision made in the current year's budget for the re-organization of the Revenue Department.

READ—

Letter No. 4605, dated the 5th February 1918, from the Secretary, Mysore Economic Conference forwarding for the orders of Government a copy of letter No. 2062, dated 12th January 1918, from the Secretary, Agricultural Committee, together with the resolutions of the Committee regarding the revision of the Rules for the grant of waste land for the planting of timber, fruit and fuel trees, contained in Appendix H to the Revenue Rules of 1890 with a view to encourage the planting of honge trees on an extensive scale so as to be useful for the purposes of manure.

2. Correspondence ending with letter No. C. 3148—Gl. of 17-18, dated the 19th June 1918, from the Revenue Commissioner in Mysore furnishing his views in the matter.

Order No. R. 3089-99--L. R. 367-17-5, dated 27th August 1918.

The proposals of the Agricultural Committee are the following :—

(i) That the condition that assessed land to be granted under the rules should have lain *banjar* continuously for 10 years should be removed

(ii) That the period during which the land granted is to be held free of assessment should be extended in case the conditions of the grant are duly performed.

(iii) That the actual extent devoted for nurseries should be exempted from water-rate, if any.

(iv) That consultation with the Forest Department should be dispensed with unless the extent applied for exceeds 50 acres.

(v) That in order to take any land out of the operation of the rules on the score of its bearing timber, the number of trees should be fixed at 25 per acre, the trees being made over with the land for a reasonable upset price, if below that limit.

2. As regards proposal (i) the Revenue Commissioner suggests that the period may be reduced to 5 years. Government do not consider that any change is called for.

3. As regards proposal (ii) Government agree with the Revenue Commissioner that the existing provision is quite ample.

4. As regards proposal (iii) Government accept the opinion of the Revenue Commissioner that the extent of nurseries need not be exempted, from water rate.

5. The Revenue Commissioner agrees to the proposal (iv) of the Agricultural Committee. Under Rule 8 of the Rules, the Forest Department has to be consulted if the extent applied for exceeds 10 acres. Government direct that the extent may be raised to 25 acres.

6. With regard to proposal (v) Government agree with the Revenue Commissioner that each case has to be considered on its merits and that no hard and fast rule can be laid down.

Government Order No. R. 1204-12—L. R. 430-13-62, dated 15th August 1914, directing that, as a rule, grants for religious and charitable buildings should not be made from funds allotted for Village Improvement works and stating that exceptional cases, where such a concession is for any reason considered necessary may be submitted for the orders of Government.

2 Letter No. C. 1630—G1 17-18, dated 12th July 1918, from the Revenue Commissioner in Mysore, submitting with his support, for orders of Government, the proposal of the Deputy Commissioner, Chitaldrug District, that in cases where the existing temples are being also used as village chavadies or rest houses for travellers, etc., for want of separate buildings, as is the case in most of the small villages in the Chitaldrug District, the repairs of such temples may be included as one of the items of works of Village Improvement for which Government grants-in-aid may be given from the allotment for Village Improvement works.

Order No. R. 2652-62—R. M. 4-18-12, dated 17th August 1918.

Government are pleased to direct that where any portion of a temple building is used as a Village Chavadi, a public meeting place, or a rest house, grants may be given from the Village Improvement allotment, in aid of the construction and repairs of such portion.

READ—

Letter No. C. Per 244-10, dated 12th—15th July 1918, from the Revenue Commissioner in Mysore forwarding the report of progress of Village Improvement work in the several districts for the quarter ending 31st March 1918, together with a copy of his review thereon.

Order No. R. 2663-74—R. M. 4-18-8, dated 17th August 1918.

Recorded.

2. Government regret the submission of the return was again belated.

3. *Progress in the working of the Scheme.*—The consolidated statement appended to this review shows the progress made in the several districts, in the working of the scheme. Government are glad to note that the percentage of active Committees or those which attend to the three essential duties under the scheme, continues to show improvement, the figures for the quarter under review being 58·8, 54·5 and 43·6 (or average 52·3) against 57·3, 53 and 43 (or average 50) in the previous quarter. Government would again like to impress upon the Revenue Officers that the mere formation of Committees is not of much consequence, and it is only by the proportion of active Committees to the total number of Committees constituted that the progress of the scheme in any particular area can be judged. This proportion varies at present from district to district as indicated in the margin, and it should be the endeavour of all officers concerned to raise it to at least 75 in all districts.

The standard being taken as 100.

4. *Special Village Improvement Works.*—Inclusive of the amounts spent in the previous quarters, the total amount expended till the end of March 1918 is Rs. 33,605 against the sanctioned allotment of Rs. 98,800 for the year 1917-18, which cannot at all be considered satisfactory. It is hoped that the report for the last quarter will disclose better results.

5. The value of works executed without the aid of Government grants is reported to be Rs. 1,10,639 against Rs. 2,16,782 in the previous quarter.

6. Six hundred and sixty-six miles of cart-tracks are reported to have been newly opened or improved against 776 miles in the previous quarter.

7. The common fund collected during the quarter was Rs. 21,249 and 2¼ pallas of grain against Rs. 33,920 and 118 pallas of grain in the previous quarter. It would be interesting to know how the common fund collected in the shape of grain is disposed of.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 11337—Ft. 166-16-2, dated 17th May 1917, approving of the proposals of the Conservator of Forests to increase the number of departmental elephants from 18 to 40 and to reserve 22 elephants from the captures of the Chamrajnagar Kheddas for departmental work.

2. Letter No. 6716, dated 6th February 1918, from the Conservator of Forests in Mysore, submitting proposals for the re-organisation of the elephant establishment and providing among other things for the appointment of a separate Veterinary staff exclusively for the said establishment.

Order No. R. 1902-3—Ft. 203-17-5, dated 1st August 1918.

In consequence of the increase in the number of departmental elephants sanctioned in the Government Order read above, a strengthening of the establishment of mahouts and kothals also has become necessary, and with the letter read above, the Conservator of Forests has submitted certain proposals on which Government are pleased to pass the following orders.

(1) The number of mahouts and kothals may each be raised from 18 to 40.

(2) The existing establishment consisting of 18 mahouts and 18 kothals corresponding to the present numerical strength of the elephants will be classed as permanent and the additional establishment entertained treated as temporary.

(3) The number, scale and pay of both the permanent and the temporary establishment will be fixed as particularised in the margin.

Permanent

			Rs
Mahouts	5 on	...	25—125
	13 on	...	20—260
Kothals	18 on	...	10—180
	Total	...	565

Temporary

	20 on	.	15—300
Kothals	22 on	.	10—220
	Total	...	1,125—560

(4) The scale now sanctioned should be regarded as the maximum and all the hands sanctioned should not be appointed at once but according to requirements from time to time, depending on the number of elephants on the rolls at the time.

(5) The present posts of the two elephant Jamadars in the Department will be made permanent and their pay and fixed travelling allowance raised as shown in the margin

Rs
1 on 50+15
1 on 40+15

(6) A separate Veterinary staff consisting of the following hands is also sanctioned.

1	Assistant Inspector	on Rs. 50-5-75.
1	Salustry	,, 20.
1	Compounder	,, 12.
1	Peon	,, 8.

Total average cost Rs. 106⅔.

(7) The rates of travelling allowances for the Veterinary staff will be the same as those permissible to the regular Veterinary staff of similar grades in the Civil Veterinary Department.

No. R. 1902-3—Ft. 203-17-5, dated 1st August 1918.

(8) The whole of the above establishment, elephant as well as Veterinary will be under the direct control of the Game Preserves Officer. The District Forest Officer of any district requiring elephants for work should apply to him and all such requisitions should be promptly complied with by the Game Preserves Officer.

(9) A proposition statement showing the existing and sanctioned scale is appended. The reorganisation will come into force from 1st July 1918.

1. Main sewer.
2. Sewerage of No. 1 Division area.
3. Storm water drain.

II. Improvement Works.

1. Industrial suburb.
2. Extension to the east of Fort centre road.
3. Town Hall and Municipal offices.
4. New Market.
5. Continuing the Kitchetty Chattram road.

Order No. 1986-8—Ml. 91-17-15, dated 3rd August 1918.

In the Order of 9th May 1918 read above, Government have approved of a revised programme for the City Improvement Works and have promised their share of contribution towards the cost thereof, aggregating 9 lakhs of rupees, to be paid during the next 3 years as noted in the margin. The drainage scheme of the City has been reserved for separate consideration and till orders are passed thereon the question of the sewerage works referred to above does not arise.

During 1918-19 ... 2 lakhs.
„ 1919-20 ... 4 „
„ 1920-21 ... 3 „

2. During 1918-19 the Municipal Council provided a sum of 3 lakhs including the above contribution of 2 lakhs for the execution of the marginally noted three works.

2. **New Market.**
3. **Continuing the Kitchetty Chattram road.**

No. 1986-8—Ml. 91-17-15, dated 3rd August 1918.

The formation of an Industrial Suburb and of a new extension to the east of the Fort centre road are also two more works which the Municipal Council may take up during 1918-19.

3. In view of the large expenditure involved, Government consider that a Special Division is necessary and they are accordingly pleased to accord sanction to the President's proposals for the formation of a Special Division subject to the following modifications :—

(i) In view of the fact that sewerage works are not to be commenced, the appointment of an Assistant Engineer does not seem immediately necessary at least for the next six months. If it is however found necessary later on, the application may be renewed and sanction obtained.

(ii) The portion of the staff that is not immediately required on account of the non-commencement of the sewerage works may be intimated early, but this need not delay the immediate entertainment of the staff required to start the works already sanctioned. A statement showing the establishment thus entertained and the works that will be immediately put on hand, should be submitted for the information of Government within a month.

(iii) All appointments to the technical staff may be made in consultation with the Chief Engineer.

(iv) The Special Division is sanctioned for a period of two years from the date of this order. If its further continuance is found necessary, a report should be submitted six months before the period of the present sanction expires and fresh sanction obtained.

(v) The cost of the temporary establishment should be met from the City Improvement Fund in the current and ensuing years' budgets of the Bangalore City Municipality.

Government Order No. 11754-5—Edn. F. 15-96, dated 12th February 1903, approving among others of the rules of award of scholarships of Rs. 25 each per mensem to candidates studying for the Degree courses in Medicine in the Medical Colleges at Madras and Bombay.

2. Government Order No. G. 6583-5, dated 29th June 1904, reducing the number of scholarships awarded each year from three to two and directing that only Graduates need apply in future for these scholarships.

Order No. 1112-4—Edn. 37-18-2, dated 2nd August 1918.

As there is at present paucity of qualified candidates for appointment in the Medical Department, and as further the institution of the Medical Faculty in the Mysore University has been postponed, Government consider that special facilities should be afforded to candidates desirous of studying for the Degree in Medicine in the Colleges at Madras and Bombay, they are accordingly pleased to direct that the number of Medical Scholarships be increased to six for the next five years. The present rate of scholarships, *viz.*, Rs. 25 per mensem which was fixed years ago being inadequate, Government are pleased to direct that during the above period, the value of each of these scholarships be fixed at Rs. 40 for graduates and Rs. 30 in the case of others. The expenditure on account of these scholarships will be met from the Education budget, funds being found during the current year by re-appropriation of sanctioned grants.

The selection of candidates will be made by the Inspector-General of Education in consultation with the Senior Surgeon in Mysore and their recommendation submitted to Government for approval.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 1414-5—Edn. 79-17-124, dated 13th August 1918.

The conditions prescribed in the Educational Grant-in-aid Code to regulate grants for the maintenance, extension and improvement of the means of education in the State being of a general character intended to apply to grants of small amounts, Government consider it necessary to require institutions receiving substantial financial help from the State to conform to such special directions as they may deem desirable to lay down in each case. Government accordingly direct that, whenever the grant-in-aid recommended is Rs. 5,000 or above, or, if it is payable in periodical instalments, amounts to Rs. 5,000 or more per annum, the proposal should specify in detail the special terms subject to which the grant is to be sanctioned. A suitable printed form of an order embodying the terms in detail should be adopted by the Inspector-General of Education for communicating the sanction of Government in such cases, and a declaration should be obtained on each such order from the person or persons responsible for the proper utilization of the grant, promising to abide by the conditions specified therein. The order and declaration should be in triplicate, one copy being furnished to the party concerned, another to the educational officer, if any, responsible for inspecting the institution and the third recorded in the office of the Inspector-General in a special series.

2. A statement of institutions to which grants-in-aid exceeding Rs. 5,000 have been sanctioned till now, with particulars of the conditions to which they are subject, should also be prepared at once and a copy thereof submitted to Government for record.

3. The Inspector-General of Education should also maintain, in his office, a complete list of buildings which have been constructed wholly or partly out of the grants of whatever amount given by his department and see that the conditions under which the grants were given are duly enforced.

4. Strict instructions should issue to all inspecting officers to see that grant-in-aid institutions observe the conditions attaching to the grant of State aid and promptly bring to the notice of the Inspector-General any contraventions thereof.

2. Letter No. 276, dated 31st May 1918, from the Secretary, Education Committee, forwarding copy of the resolution of the Education Committee recommending the sale of such Libraries to the villagers offering to buy them at half the cost price including the cost of the case, and requesting approval of the resolution.

3. Correspondence ending with letter No. 1, dated 5th July 1918 from the same officer furnishing further information in the matter.

Order No. 1730-40—Edn. 14-17-100, dated 20th August 1918.

The recommendation of the Education Committee is approved subject to the following conditions :—

1. Portable Libraries should be sold only to recognised rural libraries registered and controlled by the District Committees.

2. Applications for purchasing them for rural libraries should be made through the District Committee concerned.

Only one set will be sold under these conditions in each taluk.

A sum of Rs. 3,000 is sanctioned from the funds of the Education Committee for the purpose of meeting the cost of giving effect to the scheme during the current year.

8. No. 1085, dated 2nd July 1918, from the Deputy Commissioner, Bangalore District.
9. No. 72, dated 9th July 1918, from the Deputy Commissioner, Tumkur District.

Order No. R. 2081-90—Agri. 38-17-13, dated 6th August 1918.

Recorded.

2. The work in the Bangalore District is very unsatisfactory. Fourteen out of 32 stations were not inspected during 1917 and during the current year also no programme of work is said to have been prepared even as late as July. This requires explanation. A programme should be prepared forthwith for strict adherence and a copy thereof should be submitted for the information of Government. One Station in the Shimoga District and 2 in the Kadur District, have not been inspected during 1917, even though the Amildars have been recently empowered to inspect the rain gauge stations. It is observed that even in the current year no inspection work has been allotted to the Amildars of the Kadur District. The programme for the district should therefore be suitably modified, so as to utilise the services of the Amildars.

3. There has been considerable delay in the submission of the reports from the Bangalore, Tumkur, Mysore, and Shimoga Districts. This should be avoided in future.

Capital and Revenue Accounts of Public Works, etc.

No. Fl. 746-95—G. F. 232-17-1, dated 5th August 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 746-95—G. F. 232-17-1, dated 5th August 1918.

The question of maintaining capital and revenue accounts for all productive works in proper forms has been under the consideration of Government for some time. To systematize the preparation of such accounts for all classes of works they are pleased to issue the following instructions:—

2. The classification of all works financed by Government for which capital and revenue accounts are required to be maintained, will be as follows:—

I. Railways.

II. Irrigation works.

(*a*) Krishnarajasagara and allied works.

(*b*) Vanivilasa Sagara.

(*c*) Other irrigation works.

III. Public Works other than irrigation.

IV. Hydro-Electric Power Works.

V. Industrial Works.

(*a*) Iron Works.

(*b*) Sandal Oil Factories.

(*c*) Other Industrial Works.

VI. Miscellaneous.

3. As regards classes I to IV, the rules and procedure contained in the Government of India Public Works and Railway Codes are at present being generally followed as far as they are applicable. The capital and revenue accounts of the works included in these classes are maintained at present by the Comptroller annually in all cases and half-yearly in the case of Railways. These accounts are published in separate pamphlets. These accounts should continue to be prepared and submitted as heretofore. The question whether the capital and revenue accounts for the several lines of Railways should henceforth be annual is at present under consideration and until revised orders are issued these accounts should continue to be half-yearly. Also a dozen bound volumes containing all the accounts properly arranged and the annual abstract account referred to in para 4 *infra* with a table of contents should be submitted to Government by the 15th of December following the end of the year to which the accounts relate.

4. As regards the works included in the groups V and VI, detailed capital and revenue accounts should be separately prepared only for the Iron works and Sandal Oil Factories at Bangalore and at Mysore. These accounts should be prepared in forms as shown below:—

(*a*) General account in Form B.

(*b*) Details of capital outlay, Form C.

(*c*) Revenue account showing details of gross receipts and working expenses including depreciation, Form D.

(*d*) Statement showing at a glance the financial result of the concern from the beginning, Form E.

For convenience these accounts also will be bound with the detailed accounts of the works belonging to classes I to IV in the volume referred to in para 3 above.

No. Fl. 746-95—G. F. 232-17-1, dated 5th August 1918.

5. Besides the detailed accounts referred to in paragraphs 3 and 4 Government desire that two new abstract accounts one monthly and the other annual should be prepared and submitted to them. These accounts should be prepared in the forms and in the manner indicated in the following paragraphs.

6. The list of works the accounts of which should be included in the abstract monthly and annual accounts is given in the appendix to this order. Additions to this list will be made from time to time as may be necessary and the complete list scrutinized and approved by Government in the month of June before the commencement of the official year.

7. The abstract monthly account will be in Form A attached to this order and should be submitted not later than the 15th of the second month following that to which it appertains. In this account the separate works included in the appendix under II (*c*) Other Irrigation Works, "V (*c*) Other Industrial works" and "VI Miscellaneous" will not be shown separately but only the total capital and revenue transaction under each class of works will be entered.

8. The abstract annual account will be prepared in Form B attached and should be submitted before the end of November following the year. It will be in greater detail than the monthly abstract. The particulars of each individual work included under the head " II (*c*) Other Irrigation Works", " V (*c*) Other Industrial Works" and "VI Miscellaneous" will be shown separately.

9. Both in the monthly and in the annual accounts a separate page or set of pages or portion of a page should be devoted to each class of works like I. Railway, II. Irrigation, etc., and the total for all works in the class struck at the end.

10. Some difficulty may be felt in the beginning in bringing the accounts relating to so many different classes of works under the few common heads given in the monthly and annual abstract accounts but such a course is absolutely necessary for a correct understanding of the capital and revenue transactions of the State as a whole. Important points on which the Comptroller may feel doubt as to the proper course to adopt may be referred to Government for orders. When any ambiguity is likely to arise in respect of the figure entered in any column under any work or class of works, the nature of the work should be clearly explained in a foot-note.

11. In the case of works for which detailed annual capital and revenue accounts are separately prepared and submitted to Government (*vide* paras 3 and 4 *supra*), reference will be given in the abstract annual Account Form B to the pages of the separate accounts wherein details of the figures shown in the abstract account are contained.

12. The Comptroller is requested to avoid duplication of work as far as possible and to submit to Government any changes in the form of the separate capital and revenue or finance accounts of works of the classes I to IV which may be necessary in consequence of the passing of this order.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. C. 22 Muz of 1916-17, dated 23rd November 1917, from the Deputy Commissioner, Chitaldrug District, recommending the grant of an extent of 500 acres out of Kongavalli Torekaval in the Hosdurga Taluk or such extent as would bear an assessment of Rs 100 whichever is the smaller area, as an additional inam to the Sri Channakesavaswami temple at Bagur, Hosdurga Taluk.

2. Letter No. Dis. 1173, dated 8th April 1918, from the Revenue Commissioner in Mysore stating that there is no objection to the grant of the land as Devadaya Inam as proposed, and that if approved by Government necessary steps will be taken after the kavals have been taken charge of by the Revenue Department and phoded.

Order No. 455-59—Muz. 422-16-8, dated 6th August 1918.

The Deputy Commissioner, Chitaldrug District, recommended in June 1908 that an additional cash tasdik of Rs. 752 per annum may be granted for the upkeep of the temple in consideration of the resumption of inam lands originally endowed to the institution. In their Order No. 822-3, dated 25th August 1908, the Government observed that as the temple, which was a Muzrai Institution, was restored at a cost of Rs. 8,000 from State funds, it was not possible to sanction any addition to the cash Tasdik of the Institution, but that they will be prepared to consider any recommendation for the grant of suitable lands as Inam.

2. In January 1913, the Deputy Commissioner again recommended that an extent of occupied lands in Nirgunda Kaval village, Hosdurga Taluk, may be granted as inam to the temple without prejudice to the existing occupancy. The Government declined to sanction the same as it would practically amount to the grant of a cash Tasdik but informed the Deputy Commissioner that a recommendation may be sent up for the grant of unoccupied or assessed land as an additional inam to the temple.

3. The Deputy Commissioner now reports that Government in their Order No. R. 3087-9—L. R. 443-16-11, dated 21st September 1917, have directed the transfer of certain portions of Amrut Mahal Kavals including an extent of 500 acres 29 guntas of Kongavalli Torekaval to the Revenue Department for being thrown open for cultivation and requests that 500 acres and 29 guntas of Kongawalli Torekaval for such extent as would bear an assessment of Rs. 100, whichever is the smaller area may be granted as an additional inam to the temple. The Revenue Commissioner has no objection to the Deputy Commissioner's proposal.

4. Under the special circumstances of the case, Government are prepared to sanction out of the lands of the Kaval, an extent which will carry an assessment of Rs. 100 per annum, as additional Devadaya Inam for the support of the temple. Final orders will be issued after the lands are sub-divided, and assessed, and on receipt of a report from the Deputy Commissioner regarding the actual survey numbers and extent which are to be so made over to the temple.

Government Anna Chattram at Maddur, Mandya Taluk.

No. 617-19—M. F. 37-18-2, DATED 24TH AUGUST 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ:—

Letter No. 2622, dated 11th June 1918, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale* of expenditure of the Government Anna Chattram at Maddur, together with an explanatory Memo thereon.

(*Printed as accompaniment,)

MEMORANDUM.

Revision of the Government Anna Chattram at Maddur.

The Chattram is in the enjoyment of a Cash Grant of Rs. 862-8-0 per annum.

2. Cooked food is not served to the travellers but only raw rations are issued.

3. The accompanying statement exhibits the expenditure incurred under several heads during the past five years and an abstract of the same (five years average) is given below:—

	Rs.	a.	p.
Payment of Nehimi allowances	167	9	7
Issues of rations	398	8	7
Establishment charges	135	8	9
Total ...	701	10	11
(*a*) Savings under establishment:—Paricharak Rs. 5, Sweeper Rs. 3, etc.	104	6	10
(*b*) Savings under Padi	56	6	3
Grand Total ...	862	8	0

4. The average cost for issue of rations works out at Re. 0-4-0 per head which is excessive. There is no satisfactory supervision and no register is kept to show what payments have been actually made. The Dharmadarsis are reported to give individual chits for issue of rations without any pre-arrangement or mutual understanding.

5. The situation of the Chattram is an old out of the way and dingy house is by no means conducive to the comfort or convenience of travellers. Situated as it is at a distance of over two miles from the Railway Station, it is doubtful if the assistance rendered benefits *bona fide* travellers. Besides a musafirkhana with a good establishment is maintained at Sivapur by the District Board and a good hotel is located in the Railway Station. Under these circumstances, I am not sure that the chattram serves any useful purpose.

6. I would propose the following re-allocation of the Chattram grant:—

These are nehimis now current and may be continued.

		Rs.	a.	p.
(*a*) One and a half seers of rice for Desantrikatte in the Sri Narasimhaswami temple at Maddur		120	0	0
(*b*) One seer of rice with condiments to Eswara temple		70	8	0
(*c*) One and a half seers of rice to Sri Ramadevaru temple		120	0	0
(*d*) Janardanaswami temple at Mandya:—	Rs.			
(Rs. 15 per month for Nevedya and Viniyoga to Desantries) ...	180			
Dhanurmasakatle	8			
Total ...	188	188	0	0

No. 617-19—M. F. 37-18-2, DATED 24TH AUGUST 1918.

	Rs.	a.	p.
(*e*) Sakaleswaraswami at Mandya. Rs. 3-8-0 per month for Nevedya, Rs. 42 Dhanurmasakatle Rs. 4	46	0	0
(*f*) Amount available for Sadavart to Byragees and raw rations in special cases ...	240	0	0
(*g*) Allowance to temple Parapattegar for distribution seeds, etc.	24	0	0
Total ...	808	8	0
(*h*) Contribution to Muzrai Establishment Fund	54	0	0
Total ...	862	8	0

7. The allowances noted at (*d*) and (*e*) were *nehimis* being granted from the Mandya Chattram which has been converted into a rest house, but owing to a mistake mention of them was omitted in the statement of nehimi allowances received from the Taluk and they were not provided for in the revision order. As these are long standing payments, they may be continued, the charge being borne by this chattram.

8. The temple of Sri Narasimhaswami is an ancient and renowned institution and the provision for Desantris as under (*a*) will be at once popular and to a large extent answer the purpose for which the chattram was intended. Sadavart to Byragis and issue of rations to *bona fide* indigent Brahmin travellers in cases where a real objection to take temple Prasada exists will, it is believed, satisfy the public.

9. A sum of Rs. 2,157-0-10 was available at the credit of the chattram on 30th June 1917. This will be utilized for the construction of a chattram at Tirumakudlu in the T.-Narsipur Taluk where a new building is wanted badly.

10. Six and a quarter per cent may be taken for Muzrai Establishment Fund and this will amount to Rs. 54 a year.

Order No. 617-19—M. F. 37-18-2, dated 24th August 1918.

Government consider the scale proposed suitable and are accordingly pleased to accord sanction to the same.

READ—

Government Proceedings No. 2783-85—Muz. 512-17-2, dated 27th April 1918 accepting a charitable deposit of Rs. 3,000 made by Mr. Vokkaleri Lakshmana Rao as an endowment for meeting the expenses for Paditara, Deeparadhane and other services in the Sri Prana Devaru temple built by his late brother Mr. Vakkaleri Krishna Rao near Keelkote tank in Kolar Town and directing that the institution be taken under Government management.

2. Letter No. H. C. 787, dated 8th July 1918, from the Deputy Commissioner, Kolar District, submitting an application received from Mr. Vakkaleri Rama Rao, elder brother of Mr. Vakkaleri Lakshmana Rao and one of the Dharmadarsis of the institution, offering to deposit Rs. 1,200 as an additional endowment and recommending that the amount in question may be accepted under the Charitable Endowment Rules.

Order No. 635-37—M. F. 57-18-2, dated 26th August 1918.

Under the circumstances reported by the Deputy Commissioner, Government are pleased to accept under the Charitable Deposit Rules the sum of Rs. 1,200 now presented by Mr. V. Rama Rao for the benefit of the Sri Anjaneyaswami temple under reference and to allow interest thereon at 5 per cent per annum for a period of five years and 4 per cent thereafter under Government Order No. Fl. 470-80—G. F. 21-17-1, dated 30th July 1917.

2. As it is represented that the existing allotment for Paditara is insufficient, the Deputy Commissioner is requested to revise the scale in consultation with the Dharmadarsis, in view of the additional income now assured to the temple.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 2622, dated 11th June 1918, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Lakshminarayanaswami, Sri Gopalakrishnaswami and Sri Yoganarasimhaswami temples at Tondanur, French Rocks Sub-Taluk, together with an explanatory memo thereon.

"The temples of Tondanur are ancient and are of historical importance associated as they are with the establishment of the temples of Melkote by Sri Ramanuja and the propagation of Sri Vaishnavism in Mysore.

2. The three temples situated near each other are best clubbed together for purposes of management though, as the Lakshminarayanaswami temple is a *Pancharatra* institution and the other two *Vaikhanasa*, their establishments are divided into two groups one for the common and allied services of all the three temples and the other for special services.

3. The total income of the three temples comes on an average to Rs. 1,502-8-0 as detailed in the statement appended, of which Rs. 1,317-10-0 forms the cash grants of the three temples. This sum is distributed under the several heads of expenditure in the existing scale as follows :—

				Rs.	a.	p.
I. Establishments of the three institutions	..	...	...	822	0	0
II. Nityakatle	do	...	...	276	0	0
III. Hetchukatle	do	...	...	127	8	0
IV. Reserve for repairs		...	...	92	2	0
		Total	...	1,317	10	0

Establishment.

4. There is no material change under this head except for re-grouping of the old establishments as pointed out above and a re-adjustment of their pays.

Nityakatle.

5. An additional provision of Rs. 78 is made under this head in the proposed scale to meet the increased prices of articles, the existing provision being inadequate for the purpose intended.

Hetchukatle.

6. The Santarpanes during the temple Brahmotsavas which were being met hitherto from the contributions from Chinkurli Chattram are brought under a fixed scale and a sum of Rs. 100 is permanently provided therefor including the provision during the Vairamudi festival.

7. The total expenditure under all heads as per proposed scale is thus Rs. 1,393 as against Rs. 1,225-8-0 of the existing scale giving an increase of about Rs. 137-8-0. Deducting out of this Rs. 100 which was being met out of the contributions from the Chinkurli Chattram, the net increase in the proposed scale is only Rs. 37-8-0, leaving an annual saving of Rs. 109-8-0.

8. Surplus on 30th June 1917 was Rs. 1,421-6-4 (Rs. 1,243-9-2 uninvested and Rs. 177-13-2 invested) at the credit of Sri Lakshminarayanaswami and Rs. 2,053-7-8 (Rs. 1,901-1-0, uninvested and Rs. 152-6-8 invested) at the credit of Sri Gopalakrishnaswami. The above temples are in need of extensive repairs and no portion of the amount can be made available for the General Muzrai Fund.

9. Three-and-one-eighth of the income or Rs. 47 per annum may be levied for purposes of the Muzrai Establishment Fund though the temple cannot even bear this charge easily."

No. 573-75--Muz. F. 35-18-3, dated 17th August 1918.

Order No. 573-75—Muz. F. 35-18-3, dated 17th August 1918.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

The question of levying contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

PUBLIC WORKS DEPARTMENT.

READ AGAIN—

(1) Government Proceedings No. 3106-9—L. B. 214-12-3, dated 30th August 1913, directing that the rate of half anna per unit charged for the supply of electric power for street lighting on the Kolar Gold Fields be raised to one anna with effect from 1st September 1913.

(2) Government Proceedings No. 178-80—C. P. S., dated 22nd March 1915, directing that the Sanitary Board, Kolar Gold Fields, be exempted, tentatively for a period of three years from 1st September 1913, from the payment of the maintenance charges of the street electric lighting.

READ—

(3) Letter No. 422, dated 25th February 1916, from the President, Sanitary Board, Kolar Gold Fields, requesting that the Board may be exempted permanently from the payment of the maintenance charges of Rs. 300 per annum.

(4) Letter No. 473, dated 19th August 1916, from the Chief Electrical Engineer, recommending that the Board may be requested to pay at the rate of not less than 1½ annas per B. T. U. so as to cover all maintenance and operation charges.

(5) Letter No. 987—C. P. S., dated 8th November 1917, from the Secretary, Public Works Department, to the President, Sanitary Board, enquiring whether the Sanitary Board are agreeable to bear all the maintenance charges and pay for the power consumed at the rate of one anna per unit or prefer to pay an enhanced rate of 1½ annas per unit to cover the maintenance charges.

(6) Correspondence ending with letter No. 7, dated 4th July 1918, from the President, Sanitary Board, Kolar Gold Fields, requesting sanction to the following resolution :—

(1) that the Board agree to the payment of a flat rate of Rs. 16 per lamp per annum for the existing number of lights (*viz.*, 150), provided they are allowed to burn all night ;

(2) that, for every additional lamp installed at the request of the Board, Rs. 30 per lamp will be paid, the capital cost being borne by Government, and

(3) that the rate of Rs. 30 per every additional lamp being considered high, it may be limited to a definite number of years to be reduced thereafter to Rs. 16 per lamp.

Order No. C. P. S. 626-9-7 L., dated 29th August 1918.

From the correspondence read above, it is seen that rate of one anna per unit, at which payment was made by the Sanitary Board, Kolar Gold Fields, was not in the interests of the Electrical Department, as the revenue realised was reduced to Rs. 3·1 per lamp per annum, after meeting the maintenance charges.

2. The Electrical Department being run on a commercial basis, the question of the rate to be levied for the supply of power needed revision, and the Sanitary Board have agreed to the revised proposals now submitted by the Chief Electrical Engineer.

3. In these circumstances, Government are pleased to direct that the rate be fixed at a flat rate of Rs. 16 per lamp per annum for the existing number of lamps, *viz.*, 150, with effect from 1st July 1918, and that, for every additional lamp to be installed, at the request of the Board, Rs. 30 per lamp be recovered, the initial charges being borne by Government.

4. The rate of Rs. 30 per lamp now fixed is moderate, as it is the same as that charged for installing additional lights elsewhere. It is not desirable therefore to limit the period during which the rate should be current.

Completion Estimate for Mysore-Arsikere Railway.

No. R. S. 507-510—Ry. F. 113 G.-18-19, dated 17th August 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

RAILWAY DEPARTMENT.

Read—

Government Order No. 9-11—Ry. F. 113-14-15, dated 2nd July 1914, sanctioning the detailed estimates amounting to Rs. 67,26,893 for the construction of the Mysore-Arsikere Railway.

2. Government Order No. 3188-90—Ry. F. 113-15-16, dated 20th May 1916, sanctioning revised detailed estimates aggregating Rs. 76,13,831 for the Mysore-Arsikere Railway.

3. Note No. 220, dated 19th April 1918, from the Secretary for Railways, submitting for the sanction of Government, completion estimate amounting to Rs. 82,72,729 involving an excess of Rs. 6,58,898 over the sanctioned estimate, mainly under the following heads:—

	Rs.
Formation	3,28,252
Permanent way and ballast	1,06,758
Rolling stock	1,04,059
General charges...	1,81,394

with a savings of Rs. 61,565 in other main heads.

Order No. R. S. 507-510—Ry. F. 113 G.-18-19, dated 17th August 1918.

The first project estimate sanctioned in 1914 for this Railway which was prepared under the supervision of Mr. E. A. S. Bell, amounted to Rs. 67·27 lakhs. In May 1916, the Government sanctioned a revised estimate for Rs. 76,13,151 involving an excess of Rs. 8,86,938 with certain observations.

2. The completion estimate now submitted discloses a further excess of Rs. 6·59 lakhs and nearly half this amount is on the item formation on which there was an excess already of 7½ lakhs when the revised estimate was sanctioned. It was obvious that even at the time of preparing the revised estimate the quantity and cost were underestimated.

3. Further the officers concerned delayed the submission of the completion estimate till after the line had been opened nor were the excesses brought to the notice of Government in time.

4. Special care should have been taken as soon as it was apprehended that the revised estimate would be exceeded. Government hope that in future, care will be taken to see that no works are allowed to be started when there is a likelihood of the estimate being exceeded without first obtaining sanction of proper authority.

5. With the above remarks the Government of His Highness the Maharaja are pleased to accord their sanction to the completion estimate amounting to Rs. 82,72,729 involving an excess of Rs. 6,58,898 for the construction of the Mysore-Arsikere Railway.
